Sam. this is what was written in pencil carefully by Harriet
Minter (Grandma Minter) on a picture of Dave's grandpa.

I goofed and didn't get it off to you at DC until Today so it may not
make it while you are there. (I told Bill about it this eve when he
called.) I thought if it did you could show it to all assembled. I
think it is one I hadn't shared with the family. If any descendent
DOES get the geneology bug, they would appreciate it.

Also enclose (after I'd shut it and had to reopn) is a notice showing
that MY Grandpa, Lewis Napoleon Rayburn was representative to the
state legislature in Frankfurt, Ky at least twice.

Son Hobart (father of Wilbur and Charlie whom I played within the
summer.) will see Charlie and wife Mickey who will have
Xmas dinner with us in Albuquerque with Susan and Maya!!!) was quite a
political animal too and helped Charlie get in the U of Ky after Berea.
All Republicans of course: <

A summer bike trip sounds intriguing. I think you should continue
exploring that lead: >
