Hi, Samuel,

The Anderson Reunion was lots of work but also lots of fun. Let's work on getting lots of Henrietta Alethia Anderson Smith's progeny there next time (five years from now!). You all are Hattie's children, we are Minor's children. We should be able to find some of Bessie's children. The twins (David Perrin Smith and William Faber Smith) and Emma May have no descendants. Perrin had one daughter (Sidney Henrietta Smith Southard) who was a wonderful part of our lives but who had no children. My brother Bill McKeown and his wife Denise live in the house that Perrin built and that Sidney lived in all her 90+ years.

I don't know how to edit the reference included in this note but you will want be sure that it is noted that it is MARY "Polly" Miller who was the wife of James Mason "Tyger Jim" Anderson. Also, you may want to put the "Tyger Jim" in the reference since that is what his descendants over this way know him as and because there are a lot of James Mason Anderson down the line!

Looking forward to getting to know more about the Minters.

Betsy Martin
