Sam,

I found your web page and thought I should write to you. I have more information on the Stamper, Rayburn, Dyer and Logan Genealogy if you are interested. You have some on the later generations that I do not have and I would gladly share what I have if you are interested in sharing.

I see you have been to my web page, particularly the Stamper Cemetery in Lewis Co., KY. I put all the information and photos there to share with other so I have no problem with you getting the photo. I got the photo from the original that set in the old house of George Washington Stamper Jr. that was on the property of Thurston Stamper, son of Randall and Jennie Belle (Rayburn) Stamper and grandson of Joshua and Louisa Belle (Thompson) Stamper and great-grandson of George W. and Catharine (Dyer) Stamper. Thurston was a treasure trove of information and I was saddened when he passed away.

Your line from the Logans is as follows:

James Logan and Caroline Elizabeth Hughes
Elizabeth Logan and Francis Marion Dyer
Catherine Dyer and George Washington Stamper
Mary Alice Stamper and Lewis Napoleon Rayburn

I have lots more information on the Rayburn, Stamper, Dyer and Logan families.

Hope to hear from you soon.

Bruce
