My grandfathers (mom's side) mother was Mary Slook. His father was a Donaghy, but she doesn't know his first name. Maybe I will see about getting Jack's information and see what he knows. Great grandad was Walter Leslie Hatton and his wife was May Edwards. They were me mothers mothers parents and were not born in the US. That is all for now. There are not a lot of pictures...they have gone missing over the years.
