I believe you have mentioned a specific tribe that your ancestors through your Dad's mom may have come from. Which tribe was that?

my dad always said blackfoot, which is apparently part of the Sioux nation

OK. He said Blackfoot, and the Sioux part is from you? Or he said both?

Important because as far as I can tell from Wikipedia the Blackfoot Confederacy and the Great Sioux Nation were not related.

So had he mentioned both, indicating that there could perhaps be either or both in you? Or is Blackfoot definitely the right one.
